- Principal
- ldickson@tfgnet.com

Heidi Schott

- Director of Grant Services
- hscott@tfgnet.com

Gabrielle Bronstein

- Senior Grants Manager
- gbronstein@tfgnet.com

Kristen Long

- Grants Analyst
- klong@tfgnet.com

Wyatt Fritz

- Research Assistant
- wfritz@tfgnet.com

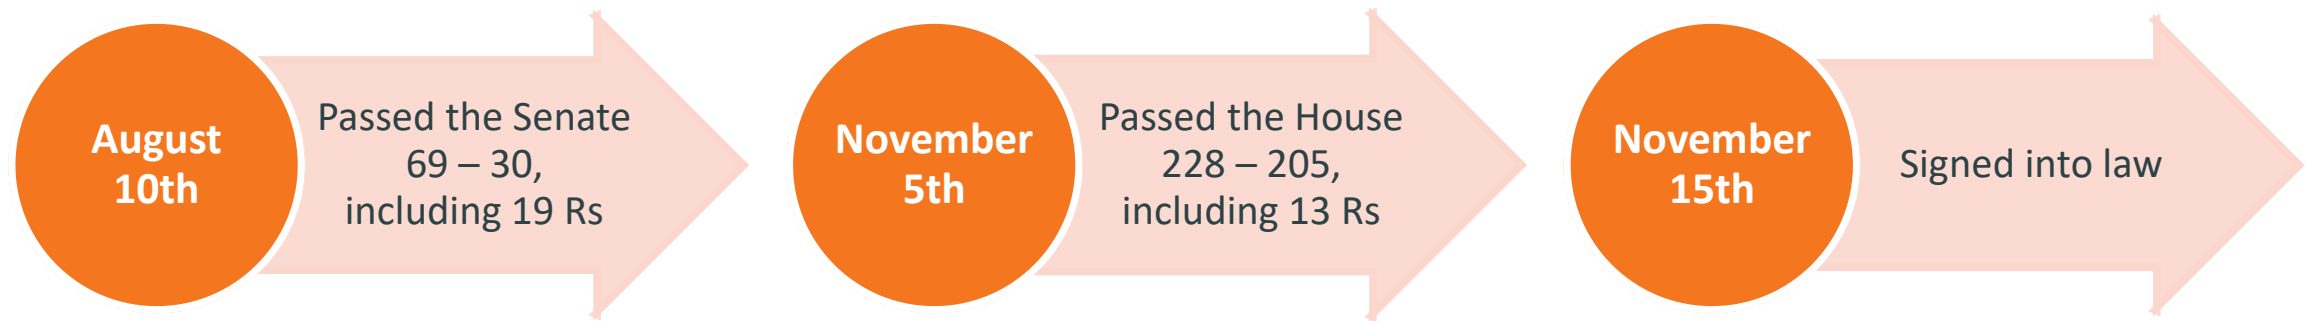

What We Do

- Grants Alerts and Weekly Grants Updates
- Custom Project Specific Grant Research and Funding Strategy
- Needs Assessments and Strategic Grant Outlook
- Database of Successful Grant Applications
- Library of Grant Funding Guides and Grant Profiles
- Dedicated Grants Expert/Team
- Grants Advocacy
- Grant Editing and Review
- Grant Debriefs
- Grant Training

Overview of the Infrastructure Investment and Jobs Act of 2021

- Includes authorized and new spending over five years (fiscal years 2022 – 2026)
- Creates more than 50 new programs

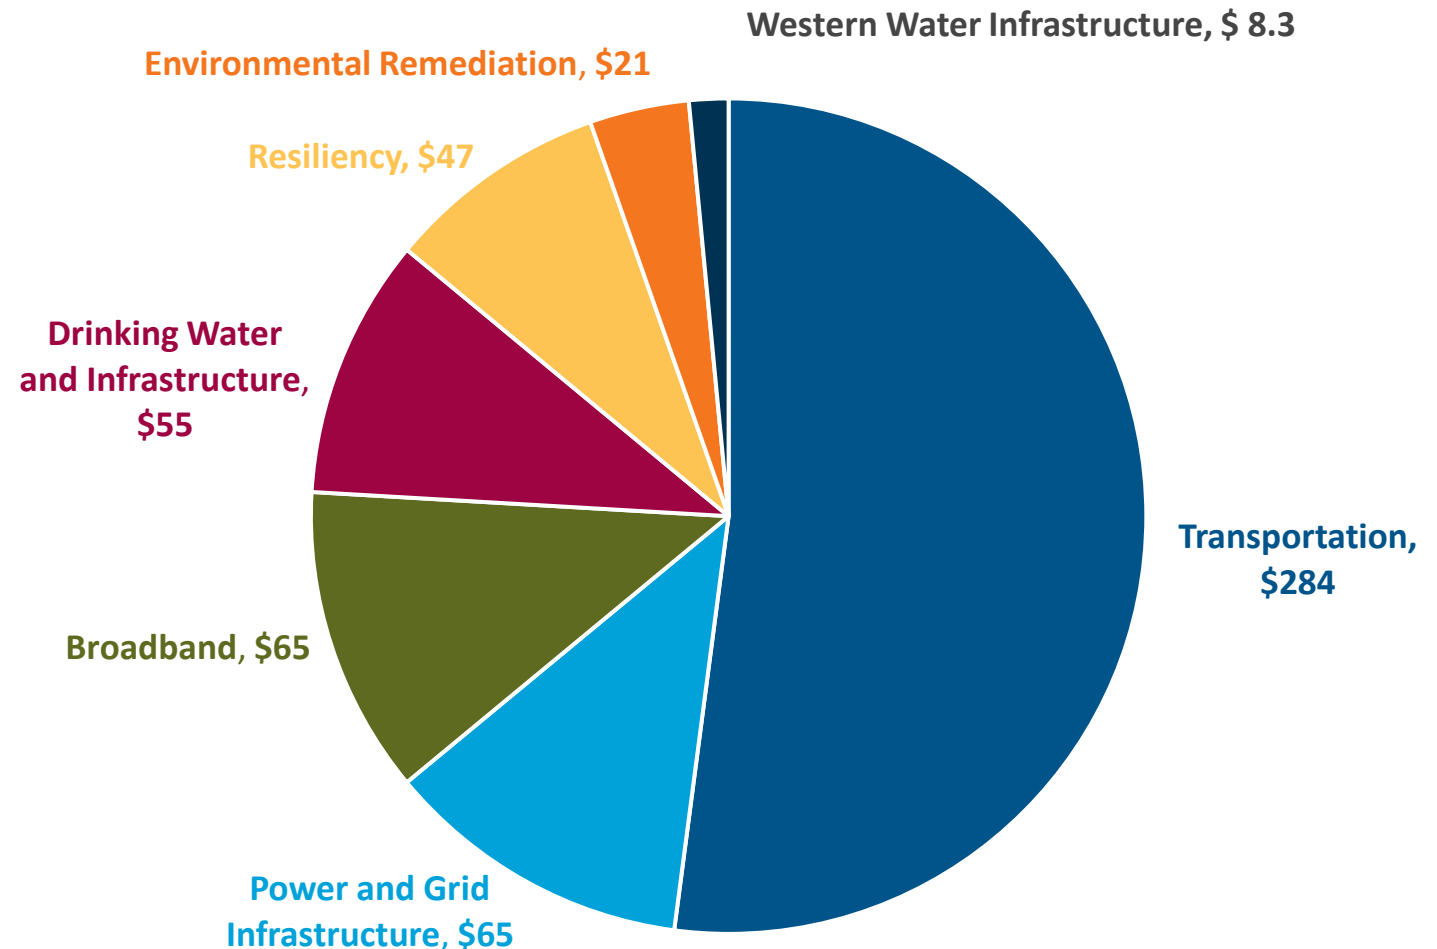

\$550 billion in **new spending** over five years (FYs 2022 – 2026) above current baseline levels, including:

- **Transportation:** \$284 billion
- **Power and Grid Infrastructure:** \$65 billion
- **Broadband Infrastructure:** \$65 billion
- **Drinking Water and Infrastructure:** \$55 billion
- **Resiliency:** \$47 billion
- **Environmental Remediation:** \$21 billion
- **Western Water Infrastructure:** \$8.3 billion

\$650 billion in **authorized spending**, including a \$383.4 billion, five-year surface transportation reauthorization package

New Spending in Billions of Dollars

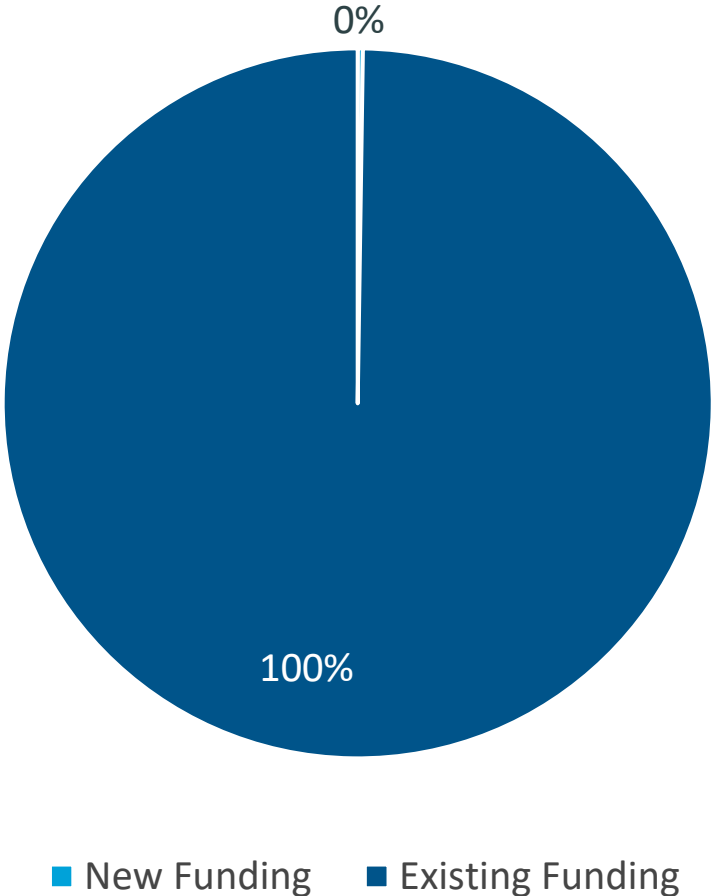

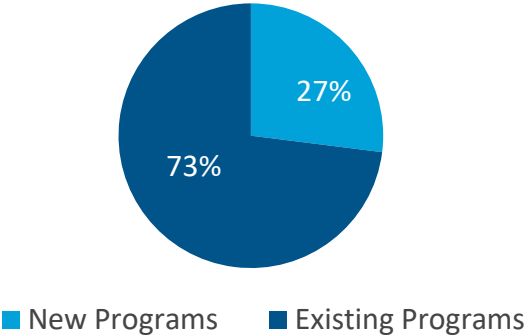

Water Infrastructure Funding

\$ \$64+ billion in total funding

New Funding vs. Existing Program Funding

OVERALL NEW VS. EXISTING PROGRAM FUNDING

Source: White House Bipartisan Infrastructure Law Guidebook

Western Water Infrastructure

Aging Infrastructure

- Authorizes \$3.2B for the Aging Infrastructure Account to finance the non-federal cost-share for Reclamation-owned water infrastructure projects

WIIN Act Storage

- Authorizes \$1.15B for water storage, groundwater storage, and conveyance projects, including \$100M for small surface water and groundwater storage projects

New Grant Programs

- Wildlife crossing structures
- EV charging infrastructure
- Safe streets
- Smart city and community technology
- Reconnecting communities
- Electric grid resiliency
- Household wastewater connections
- Stormwater control infrastructure
- Broadband and digital equity
- Consumer recycling programs
- Cybersecurity

Timing of Funding

- Depends on the program
- New vs. existing program including status of appropriations
- Competitive program vs. formula program
- Funding will be available for five years

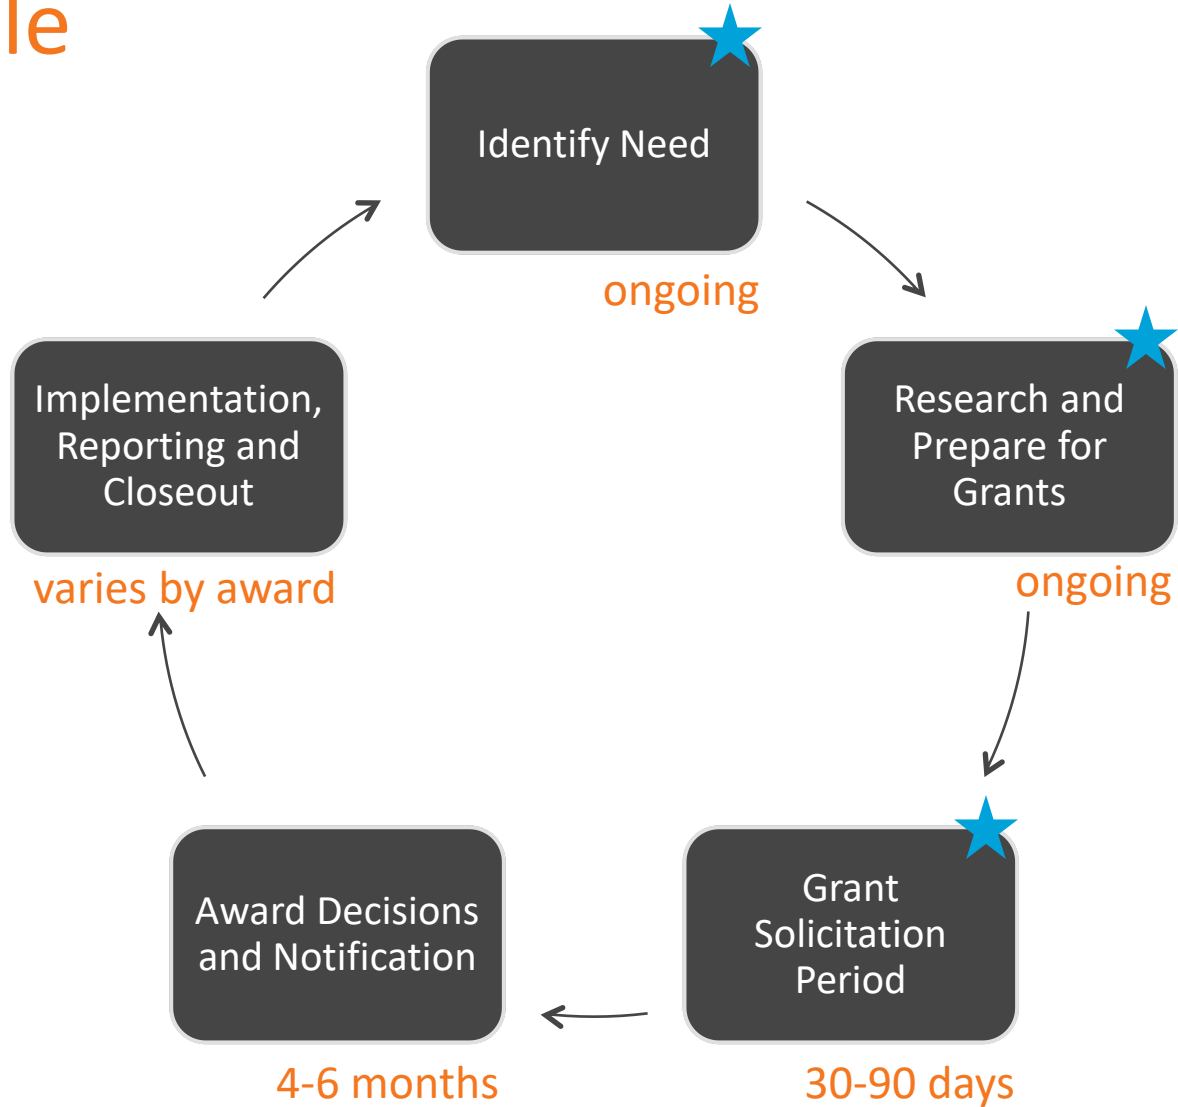

Not the only game in town!

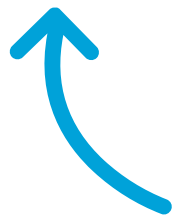

The Water Agency's Grants Strategy

Grant Life-Cycle

Five Steps to Grant Success

This is where we are.

Key Projects of Focus

- Regional Recharge Projects
 - Calimesa
 - Brookside
 - Danny Thomas Ranch Area
- San Geronio Pass Backbone Pipeline Project
- Recycled Water Infrastructure
 - Beaumont Cherry Valley
- Turf Replacement Programs
 - Investigate opportunities and gauge demand

Thank you!
