

# EarthCam Demonstration

Board of Directors Meeting

May 13, 2024

# Why Do We Need a Camera at Our Facility?

## Security

Recent occurrences of break-ins and damage to fences serve as a discouragement

## Ongoing Monitoring

Increase efficiency, trips needed to ponds, and remote monitoring save time and money

## Future Construction Monitoring

Brookside West Recharge Facility construction will be occurring over the next several years

# Project Timeline

November 2023: Board approval for the purchase and installation of cameras

February 2024: Staff decides on a taller pole for improved field of vision

March 2024: Staff installs a 60-foot pole for a 50-foot camera

April 2024: EarthCam installs the complete camera system, comprising batteries, solar panels, cellular communications, and camera
